## REPORT OF SUPERINTENDENT OF SCHOOLS

Hudson, N. H., February 1, 1933.

*To the School Board and Citizens of the Town of Hollis:*

Following is the number enrolled in each grade of the Hollis schools on January 5, 1933:

Grade I—23	Grade VII—22
Grade II—11	Grade VIII—23
Grade III—15	Grade IX—7
Grade IV—19	Grade X—17
Grade VI—13	Grade XII—11

This makes a total of 147 in the elementary grades and 48 in the High School.

There were no changes in the teaching staff this year and each teacher is continuing to give efficient and effective service.

The seventh and eighth grades are very crowded this year with 45 to 47 pupils, but this condition will be relieved next year when there will be only about 35 pupils in these two grades.

## REPORT OF SCHOOL NURSE

*To the School Board and Citizens of Hollis:*

During February and March of last year the Hollis Woman's Club, aided by the State Milk Fund, made it possible for eight school children to receive milk every day; This was a big factor in keeping these children in better health.

Twenty-one school children received the toxoid vaccine at a clinic held at the school last May. This makes the school almost 100% safe guarded against Diphtheria.

A clinic for underweight children was held at the school October 24. Dr. R. E. Kerr examined fifty pupils. Many of these children have made a steady gain in weight and others were given advice as to proper diet and amount of rest needed to gain. Plans for a second dental clinic in the spring are under way.

I wish to thank the teachers, parents and citizens of Hollis for the fine co-operation I have received at all times.

Respectfully submitted,

MARGARET E. CRONIN, R. N.,

*School Nurse.*

## REPORT OF STATE NURSE

Following is the annual report of the State Board of Health, Division of Maternity, Infancy and Child Hygiene for Hollis.

A toxoid clinic was held in co-operation with the School Department at which 42 children received toxoid treatment. Of this number 36 ranged in age between 6 months and 8 years.

Because of lack of funds our work in Hollis, as elsewhere, had to be cut down, but regular home visits were made to mothers, infants and pre-school children during the year, and some children placed under the care of specialists.

MARY HURLEY CUNNINGHAM,  
*State Nurse.*
